

REMARKS

Prior to the current amendment, the Examiner had rejected originally submitted claim 1 on the basis of Kim patent 6,473,142 but had indicated that claims 2-6 would be allowable if re-written to include the limitation of the base claim and all intermediate claims. This has been done by amending claim 1 to include the limitations of claim 2. Claim 2 has been cancelled and claim 3 has been amended to depend from claim 1. Claims 4 and 5 are as previously presented and claim 6 have been amended to depend from claim 1. Claims 9-16 were previously withdrawn. Accordingly, claims 1 and 3 - 8, all the claims currently active in this application, should now be allowable and passage of the application to issue is requested.
